

February 22, 2018, PhD or MS/PhD Student Scholarship in Plant Biology
University of Science & Technology, Daejeon, South Korea
**Application deadline March 12, 2018*

Ph.D. or combined MS/Ph.D. Student Scholarship in Plant Molecular Biology and Cell Signaling

Ph.D. or combined MS/PhD student scholarships are available in plant molecular biology and cell signaling at the University of Science & Technology, Daejeon, South Korea, in Fall 2018 /Spring 2019.

Research projects will include (1) plant molecular biology, (2) plant cell signaling, (3) plant-microbe interactions, and (4) production of useful secondary metabolites. Candidates with a strong background and hand-on experience in plant molecular biology are encouraged to apply. Applicants have a bachelor or M.S. degree in plant biology, biology, or agriculture.

Interested candidates for this position are encouraged to send applications including a cover letter (with statement of interest), curriculum vitae, copy of transcripts, TOEFL/IELTS scores (if English is not the first language), and the names of three referees to Dr. Stephen B. Ryu (sbryu@kribb.re.kr)

Applications should be submitted by March 12, 2018 to start in Fall 2018 and no later than May 15, 2018 to start in Spring 2019.

Selected graduate students are provided with full scholarship (about \$1500/month). Tuition is waived and dormitory is available at \$50/month.
