

Nanomaterials Seminar and PhD candidate recruitments to NIMS-Japan

Speaker: Dr. Huynh Thien Ngo
National Institute for Materials Science
(NIMS), Japan

https://samurai.nims.go.jp/profiles/ngo_huynhthien

Time: October 25th 2017 (15:00 – 16:30)

**Place: University of Science Ho Chi Minh
Room.....**

Part 1: Nanomaterials Seminar

**“Nanomechanical Sensor and supramolecular control
by manipulation at molecular, nano and micro scale”**

Part 2: PhD candidate recruitments

Furthermore, the aim of this seminar is for seeking a way to commence a network for students and staff exchange. We are committed to accept excellent postgraduate students from Vietnam to do their master and/or PhD study in Japan. This will be in collaboration with the universities of Tokyo, Tsukuba and NIMS. Funding for such exchange will be applied to both Japanese and Vietnamese funding agencies to support such high quality training of Vietnamese students.
