

SKKU-VNU Science Experience Program

SKKU-VNU SEP

Feb. 8~12, 2017

SUNG KYUN KWAN
UNIVERSITY

College of Science

Biological Sciences

Mathematics

Physics

Chemistry

SKKU-VNU SEP is designed to provide natural sciences or related-areas major students with opportunities not only to experience Sungkyunkwan University College of Science and its four departments' study and research environment, but also to taste a bit of Korean culture for 5 days.

Participants will be given a chance to interact with our scientists and students, listen to guest lectures, and learn about SKKU and College of Science. They will also be able enjoy Korea by having a day tour to Seoul which is the most popular tourist place full of things to enjoy.

VNU students who are joining this program will be 100% supported financially, except for some daily personal expenses. For more information, please contact us or international program office at VNU.

Period: February 8 –12, 2017
